

We the undersigned Police staff call on Commissioner Karl O'Callaghan to formally notify the individuals whose positions will be abolished under the Service Definition and Resource Model (SDRM) Reform. We ask that employees affected by Phase 1 be notified in writing by no later than 11th September 2014, with all employees affected by Phase 2 and 3 notified no more than 2 weeks after the Board signs off on the proposal.

We strongly urge WA Police to be open with these individuals about the abolition of their position; to honour their rights and entitlements throughout this process; to prioritise them as redeployees within WA Police; and support them in their efforts to seek redeployment into the broader WA public service where an appropriate position cannot be found for them within WA Police.
